NORFOLK LEARNING DISABILITY PARTNERSHIP

This locality meeting had two main topics:

NORFOLK LEARNING DISABILITY PARTNERSHIP

Lee gave an update about the last Learning Disability Partnership Board meeting

Lee spoke about how the Learning Disability Plan was made.

He then asked 4 questions to get feedback on how more people can be involved in rewriting the new plan in 2028.

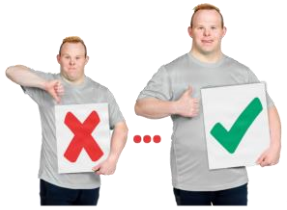

Activity

Thinking about renewing The Norfolk Learning Disability Plan

1. Was the way we did things good?

2. What could we do better?

3. Would you like to be involved? If so, How could we involve you?

4. Is there any other ideas of how we can reach as many learning-disabled people and carers as possible?

Was the way we did things good?

What could we do better? (1)

Involve more people and reach a wider range of individuals, especially younger people aged 18+.

Create an app to allow people to give feedback on the ‘plan’.

Speak to the Independent Living Skills team, as the courses are for learning-disabled people through Adult Learning.

What could we do better? (2)

Link in with the Personal Assistance Service

Use social media to gather people's views.

Offer a mixture of Zoom and face-to-face meetings, giving opportunities for contact if someone is unwell.

What could we do better? (3)

Involve social workers

Hold meetings at people's homes and in respite settings.

People are happy to help, by attending meetings and completing surveys.
